DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 2 is rejected under 35 U.S.C. 102(b) as being anticipated by Kibbee (US 5,495,621). Kibbee discloses an adjustable side closure for a garment (10a) having front and rear panels (14,16) that includes a strap (34) having opposite ends with one being secured to the rear panel, col. 7, lines 50 while the other free end is adjustably attached to the front panel in an overlapping relationship by hook and loop material as shown in figure 2.

Allowable Subject Matter

3. Claim 1 is allowable since the prior art does not teach or suggest the recitation therein including a safety garment having front and rear panels with sides being releasably fastened that has a pair of longitudinal straps continuously extending over outside surfaces of the front and rear panels between top and bottom edges thereof in combination, at least one retroreflective strip is attached to each of the longitudinal straps.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to Applicant's disclosure.
